Garden of Silence

Michael Johnathon
©Rachel Aubrey Music Inc/BMI

**On a quiet summer's day
A Painter works his brush away
On a canvas blue and gray
And the breeze and wheatfields sway**

**Past the home of your friend, Gashet
It should have been like any other day
you interrupted those boys at play
now beneath this ground you lay**

**The Color of Life slowly fades away
In your Garden of Silence
forever may you stay**

**The Color of Life slowly fades away
In your Garden of Silence
forever may you stay**

**All your dreams on canvas lay
in the hands of Johanna, pray
in love you worked your brush away
on that final Summer's day**

**The Colors of Life slowly fade away
In your Garden of Silence
forever may you stay**

**On a quiet summer's day
A Painter works his brush away
On a canvas blue and gray
In a Garden of Silence you lay**

Hurricane

Michael Johnathon

©Rachel Aubrey Music Inc/BMI

**You're like a Hurricane - Raging in a Storm
Your eyes are like Lightning
in Thunderclouds that form ...**

**...in the Deep Dark clouds of the Morning Rain
As the sunshine hides another Day**

**Hide your Secrets In the Silence of a Hurricane
Protecting what you're Forgetting
Forever Hide Away**

**And I know, just where your Secrets Go
And I know, how loud your Thunder Grows**

**You can try, go on and hide all your fears
And the Raging Pain that nobody Sees
forever in the Silence of a Hurricane**

**Do you know, just where your Secrets Go
Can you hear how loud your Thunder Grows**

**You can try, go on and hide all your fears
And the Raging Pain that nobody sees
forever in the Silence of a Hurricane**

September Eve

Michael Johnathon

©Rachel Aubrey Music Inc/BMI

**Silver Moon
Over a Meadow
Starry Skies at Night
Midnight Breeze**

**And I'm holding you
Under a Harvest Moon
Dance beneath the Stars
this Autumn Night**

**Dance across the meadow to
Songs of Autumn Leaves
Just you and Me
September Eve**

**Dance across the meadow to
Songs of Autumn Leaves
Just you and Me
September Eve**

**Come on and Dance with me
and my two left feet.**

Prodigal Son

Michael Johnathon

©Rachel Aubrey Music Inc/BMI

**I Know the Reason
That you're always on your Own
And you're running far away
Why don't you tell me
What makes you so Blue
Don't you know I'm always going to stay
Waiting for you**

**I hear the Thunder
I hear the Rain inside of you
I see an ocean in your eyes
There's no need to fear me
No need to run
Dont you know my heart is always
a Home for my Prodigal Son**

**Here is my song
I've written for you
A painting in Words,
and my canvas is true
Why Run ... Why Hide
Love grows in an Ocean of Time**

Front Porch Symphony

Michael Johnathon
©Rachel Aubrey Music Inc/BMI

**Morning on an Autumn Day
I'm so happy when there's nothing to say
Pickin' and a Grinnin' Mother Earth livin'
On a Front Porch Hideaway**

**Well, a Banjo has a mind of its own
And my Martin has a wonderful tone
I really like to play it Even when I fake it
on a Front Porch Hideaway**

**All over the World
They're fighting for a better way
Well, the weapon that I'm choosin'
has tuners that I'm using on a Front Porch Hideaway**

**All over the World
They're fighting for a better way
Well, the weapon that I'm choosin'
has tuners that I'm using on a Front Porch Hideaway**

**Sunrise Symphony the morning of the Day
hear the echoes slowly drift away
Mountain melodies sing a quiet song
Listen to the music all day long**

**There's a story on the evening news
But I choose it ain't the news that I use
All of a sudden I hit the off button
just to spend more time with you.**

**All over the World
They're fighting for a better way
Well, the weapon that I'm choosin'
has tuners that I'm using
They say it's gettin' better
but it's kinda like the weather
The world is goin' crazy
so I'm sittin' with my baby
on a Front Porch Hideaway**

Winter Song

Michael Johnathon
©Rachel Aubrey Music Inc/BMI

**All alone with you
On a winter's evening
Just me and you
Just you and me on a
Winter's Eve**

**Falling winter snow
a fireplace glowing
in your eyes tonight
Silent firelight
this Winter's Eve**

**I believe in Winter Songs
I believe in snow falling down
January wine and firelight
But the beauty of this winter night
can't replace the precious sight
of you alone with me
this Winter's Eve**

**I believe in Winter Songs
I believe in snow falling down
January wine and firelight light
But the beauty of this winter night
can't replace the precious sight
of you alone with me
this Winter's Eve**

**Falling winter snow
A fireplace just glowing
in your eyes**

Michael Johnathon

©Rachel Aubrey Music Inc/BMI

**Go on, run Away ... light that fuse babe
Burn the World with the language
that you USE**

**go on Ignite your mind ... your Hatred grows, now
All your ANGER spills OUT more
than you KNOW**

**Go on and Cry ... all your Victim Tears babe
Try to HIDE all the LIES that you Fear
But I know ... that Secret You
The one who Hides behind
Narcissistic Blues**

**There's no Escape from your burning Rage, babe
And you Gas-Light-Write on every Page
First you Scream ... then act So Serene**

**That's the pain of Narcissistic Blues
That's the brutal truth of Narcissistic Blues**

The Farewell

Michael Johnathon
©Rachel Aubrey Music Inc/BMI

**It's a long way baby now I'm heading home
I got no place I can call my own
So I'm leaving
yeah, I'm ready to go
You can watch me as I hit the road**

**You can be anybody that you wanted to be
I'm sorry Baby cause I'm only me
Yeah, I'm leaving, Gonna find my way
Back to the Beginning and a Brand New Day**

**I don't have a single fear
I got nothin' to complain about
I belong on the road ... now I'm leavin'**

**I hoped for the best Lord we Battled the Beast
Whatever we had, may it Rest in Peace
No regrets Babe,
'cause I tried real hard
You shuffled the deck
I drew a real bad card**

**I don't have a single fear
I got nothin' to complain about
I belong on the road ... now I'm leavin'**

**Look to the Mountains and the Forest Green
Find the prettiest cabin that you've ever seen
That's where I'll be
You can keep the Ring
No need to argue or say anything**

Seeger Mashup

Pete Seeger
©Pete Seeger/Sanga Music

**Sailing down my golden river
Sun and water all my own
Yet I was never alone**

**Sunlight glancing on the water
Life and death are all my own
Yet I was never alone**

**Where have all the flowers gone? Long time passing
Where have all the flowers gone? Long time ago
Where have all the flowers gone?
Girls have picked them every one
When will they ever learn?
When will they ever learn?**

**Life to raise my sons and daughters
Golden sparkles in the foam
And I was not far from home**

**Where have all the young girls gone? Long time passing
Where have all the young girls gone? Long time ago
Where have all the young girls gone?
They've gone to soldiers every one
When will they ever learn?
When will they ever learn?**

**Sailing down my golden river
Sun and water all my own
Yet I was never alone
When will they ever learn?
When will they ever learn?**

**I play my guitar and nobody hears
I hope that a song will soon appear
Nobody hears me play
Nobody cares
That's what every folksinger
like me will hear**

**So I wrote down some words on any paper that's near
And I capture a melody in thin air
Nobody hears my song
Nobody cares
That's what every folksinger
like me will hear**

**I'd love to hear your song
and you can play without fear
That's what every folksinger
like me wants to hear**

**I just want to share my song
And let the whole world hear
That's what every folksinger
wants to share**

**That's what every folksinger
like me
wants to share**
